Client:

Massachusetts based, privately held pharmaceutical company focused on growth through acquisition and in-licensing products to address significant unmet need. Their mission is to cure devastating disease and their management teams brings extensive industry experience putting life-saving therapeutics into the hands of patients with no other alternatives.

Objectives:

- Select vendors, partners, and lead tech transfer for a newly acquired mAb
- Plan the manufacturing supply strategy from Phase I - Launch
- Meet an aggressive company timeline to kick off Phase I study
- Assist in due diligence for potential in-licensing assets

Prestige Solution:

Onsite visit to conduct a full needs analysis
Implement the Prestige Performance Search methodology
Develop unique Performance Profile describing objectives of role
Selectively introduce profile directly to target audience
Dedicated search until completion
