Client:

Prestige Scientific was chosen by a MA based pharmaceutical organization to identify a Chief Scientific Officer to provide senior scientific leadership and represent Preclinical and Early Clinical as a member of senior executive management.

Objectives:

- Contribute to problem resolution of study related science-based issues.
- Provide Study Directors and other scientists with guidance in the interpretation and reporting of pharmacology and toxicology data.
- Provide scientific oversight for study design, preparation of protocols, interpretation of data, and preparation of study reports.

Prestige Solution:

- ✓ Onsite visit to conduct full needs analysis
- ✓ Implement the Prestige Performance Search methodology
- ✓ Develop unique Performance Profile describing objectives of role
- ✓ Selectively introduce profile directly to target audience
- ✓ Dedicated search until completion
