Client:

Prestige Scientific was chosen by a NC based pharmaceutical company to identify a Chief Medical Officer to oversee the launch of a drug after FDA approval of a new active ingredient supplier.

Objectives:

- Perform due diligence regarding acquisition of new development assets and companies that offer synergies with Cornerstone's focus on hospital and related specialty sector.
- Oversee NDA process for an experimental treatment in a rare disease indication already filed and work with the FDA throughout the approval process.
- Provide strategic leadership for potential clinical development initiatives brought in-house from partnership with a large stakeholder.
- Lead strategic direction for further value creation of existing product pipeline.

Prestige Solution:

- ✓ Onsite visit to conduct full needs analysis
- ✓ Implement the Prestige Performance Search methodology
- ✓ Develop unique Performance Profile describing objectives of role
- ✓ Selectively introduce profile directly to target audience
- ✓ Dedicated search until completion
